Year 3 had an 'animaltastic' day out to ZSL. Even though the weather wasn't our friend, we found lots of different species of friends, especially the tigers! It was a brilliant day out!

FUN FACTS

Did you know that cats are nocturnal which means they have excellent night vision, and can see light that is six times lower than humans can.

When a cat cleans its fur, it leaves a bit of a chemical on it. This chemical is what causes an allergic reaction in some people!
