

Year 5 have had a fantastic start to the last half summer term.

To start the half term, pupils have completed work on online safety around our theme of 'Trust' and understanding how to stay safe by making the right choices.

In Science, pupils have been learning about the properties of materials. They have been describing and carrying out investigations to test different materials to assess which ones were the best thermal insulators.

In Literacy, we are reading an adventurous book set in an imaginary world - Nevermoor. We have made predictions about the book and have completed diary entries, monologues and written persuasive advertisements!

Well done Year 5!!

The *Honey Bee Programme* for *Key Stage 2*

We had a gardener from the Honey Bee Programme visit our school and along with pupils planted plants

including herbs like oregano to support the natural habitat of bees.

Pupils learned about how to look after the plants and

thoroughly enjoyed the day...after the downpour of rain!
