

## Science in Year 4

**This week, Year 4 have been finishing off their science topic with an investigation to find out which type of chocolate melts the quickest. We enjoyed our practical learning, and found out that white chocolate melts quicker!**

***I wonder why?***

# Black History Month

Armstrong was born on August 4, 1901, into a poverty-ridden section of New Orleans nicknamed "the Battlefield."

Armstrong spent his youth singing on the street for spare change, but he didn't receive any formal musical training.

Louis Armstrong is rightly celebrated as a master jazz trumpeter, but his distinctive gravelly-voiced singing also had a huge influence on later artists.

Fun Facts about Autumn

During Autumn, the leaves change colour and animals begin to collect and store food for hibernation during the winter season.

- Rosa Parks Her mother was a teacher and her father a carpenter, and she had a little brother called Sylvester.
- Rosa loved to learn and studied hard at high school. But, sadly, she had to leave school at 16 to care for her dying grandmother and, shortly after, her very sick mother.

Martin Luther King Jr was born in the United States of America to African American parents.

When Martin Luther King was growing up, life was hard for African Americans. The Southern United States operated under the 'Jim Crow laws' that kept black and white people separated in what was called 'segregation'.
