

# This Week in Year 4

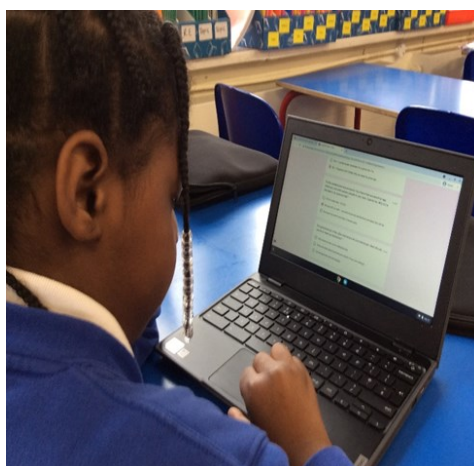

## HURRAY TO THE SUMMER TERM!

This summer term, they have been working extremely hard in all lessons.

For Mathematics, we are learning geometry – focusing on identifying angles and properties of 2D shapes. We have drawn and made resources to represent shapes like rectangles, parallelograms and rhombuses.

To kick start the term, we have also been refreshing our understanding of how to stay safe online with a quiz. We discussed lots of different scenarios about what to do when online to stay safe.
