The value we are focussing on this half term is **TRUST**.

Trust is an important value. It must be earned. If we do not trust someone it is very hard to build a good friendship with them.

"Trusting someone is like knowing you can jump and they will be there to catch you"

Who are the people you know that are trustworthy?

TRUST

Think of practical ways that we can show others that we are trustworthy?

Why is it important to be able to trust others when working together as a team?
