Classroom News - Year 2

We had a busy week in Year 2!
In maths we are learning about shapes and this week we were describing the properties of different shapes using key vocabulary such as sides, vertices and lines of symmetry and right angles. In PE we have been practising our throwing and receiving skills. We had so much fun doing this, and we are beginning to feel confident in throwing and receiving a ball.

Events

VE Day 80th Anniversary Celebrations

We had a great time celebrating the 80th Anniversary VE Day with a mini afternoon tea!
